Chauncey A. Adams, for the past two years secretary of the Y. M. C. A., has resigned to accept a position elsewhere and the directors have engaged C. A. Palmer, the physical director to succeed him. Mr. Adams began association work in Montreal and was later engaged in the work in the island of Ceylon. From First Grade to Academy.

At 5 o'clock on Friday, June 11, a small body of people gathered at the Union schools. They were the originals

of the present '09 class graduating this week at the Academy. A photograph had been taken of them when in the first grade of the grammar school and last Friday so far as possible the group was arranged in the same positions as before. A photo was then "snapped." Out of the 51, who began their education in the year 1896, with Miss Marion Prior, now Mrs. Rufus Hemingway, six students have remained together, passing each grade in one year, until they now graduate with high school rank. The names of this little band who have studied together for 13 years are William Boynton, May E. Willey, Winifred S. Merrill, Hugh A. Mackinnon, Harold L. Pennimar, and Dale S. Atwood.

Death of Mrs. Doyle.

Mrs. Gilbert E. Doyle died here last week Tuesday after a short illness with acute gastritis. Delia Wilson was born in Richmond 45 years ago to Mr. and Mrs. John Wilson. They lived in Richmond, then in Worcester, Mass., and in 1903 came to Lyndonville, and from there to St. Johnsbury, where they have since resided. The remains were taken Wednesday to Richmond where the funeral was held in the Methodist church Thursday afternoon at 2 o'clock, Rev. W. G. Schofield officiating. Mrs. Doyle is survived by her husband and one brother, Benton Wilson, of Richmond.

With Royalty Aboard.

The Countess of Aberdeen passed through St. Johnsbury, Thursday morning, en route to Montreal to attend the International Conference of Women's Council on Tuberculosis. Lady Aberdeen was in her private car, "The Violet." She left Boston in a special train and overtook the express at Concord, where her car was attached to it, and so passed through here. The Countess has done much for the welfare of Ireland in reviving her lace industries. She was instrumental in building the Irish village at the World's Fair, Chicago, in 1893. Since the return of the Earl of Aberdeen as Lord Lieutenant of Ireland, the Countess has become deeply interested in the suppression of the white plague in that country.
